

The Geography—and New Politics—of Housing in New York City

HUD-Subsidized Housing

Tom Waters, Community Service Society of New York, November 2018

The federal Department of Housing and Urban Development provides subsidies to more than 60,000 apartments across New York City – not including Section 8 vouchers or buildings that are also in the state’s Mitchell-Lama housing program. HUD operates separate subsidy programs for families and for senior citizens.

The Community Service Society has estimated the numbers of HUD-subsidized apartments for the New York City portion of each legislative district in the city. These estimates were made by assigning HUD-subsidized buildings to legislative districts based on their addresses.

United States Congress
